SUMMARY

I am an engineering student in Artificial Intelligence at the Euromed University of Fes. I think in terms of results and objectives, I am enthusiastic, and I work with determination and conviction. As a team member, I work to achieve my duties to the best of my ability. I am passionate about software development and AI and I am willing to learn new tools and technologies that suit the business's needs.

EDUCATION

Engineering Degree **2020 - 2025**
École d'Ingénierie Digitale et d'Intelligence Artificielle - UEMF | Fes, Morocco

Baccalaureate, Electrical Science and Technology **2017 - 2020**
Al-Farabi Technical School | Salé, Morocco

EXPERIENCE

Certificate of participation **2018 - 2019**
Salé, Morocco (One year)

The aim of the JA Company Programme is to enable students to form their own real enterprise and discover first-hand how a company functions. They elect a board of directors from amongst their peers, raise share capital, and market and finance a product or service of their own choice.

Arduino Developer Certificate **2019**
Rabat, Morocco (Two days)

Arduino developer training program organized in ENSIAS (Ecole nationale supérieure d'informatique et d'analyse des systèmes).

Robotics competition – Al-Farabi Technical High School **2019**
Salé, Morocco (One week)

Participation in the robotics competition, the first version of the organization of the Scientific Club of Al-Farabi Technical School.
